

Lou Adventures DIY Halloween Paper Mask - Alien

Step 1 - Download the template and print it at 100% or fit to page. We recommend using card stock or other heavy weight paper.

Step 2 - Color in the masks and cut them out.

Step 3 - Use a 1-inch punch to punch out the eyes. If you don't have a punch, you can cut the eyes out with scissors – they won't look as tidy, but that's ok!

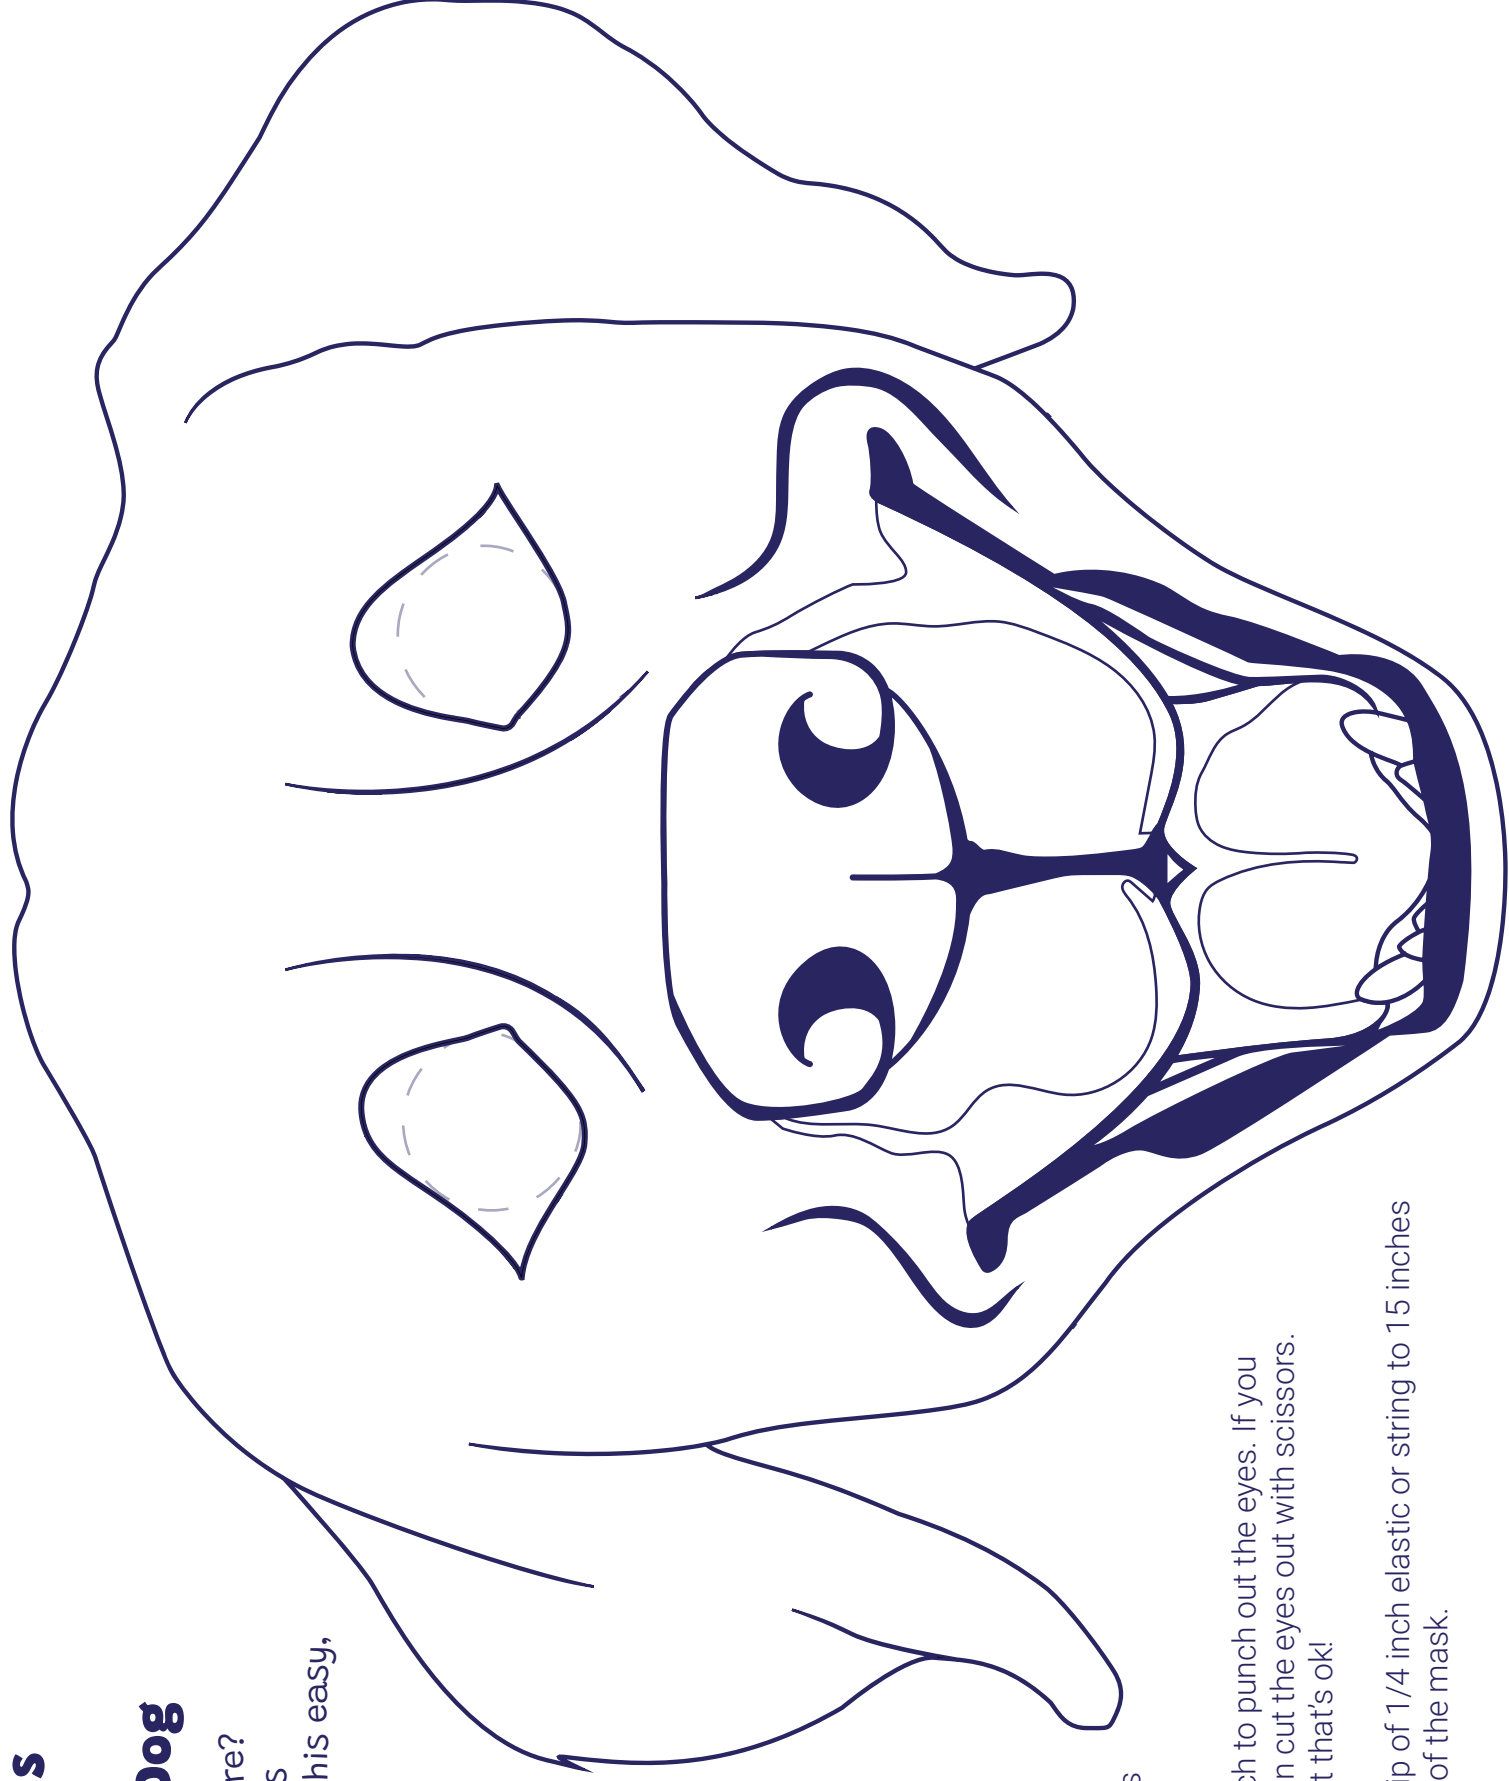

Step 4 - To finish, cut a strip of 1/4 inch elastic or string to 15 inches and staple it to both sides of the mask.
