

# Snowy Symmetry Challenge

**Hey there, it's Lou!**

What I love most about winter is when I go outside and catch snowflakes on my tongue. So, in that spirit, we created an exciting snowflake challenge just for you.

We've partially drawn several snowflakes. Your job is to complete the frosty masterpiece! Channel your inner artist and complete the missing pattern on each snowflake.

# Snowy Symmetry Challenge

You can use the snowflakes below to compare your drawings, or just have fun coloring them in or cutting them out.
